No. 50

EIGHTEEN HURT IN WRECK ON I. C.

As a Result of Two Collisions
Near White Plains Wednesday Morning.

PASSENGER CRASHES INTO FREIGHT

Eighteen men were injured early Wednesday morning, several seriously, as the result of the engine and baggage car of the fast Louisville-New Orleans train on the Illinois Central road crashing into a freight wreck at White Plains.

Tuesday afternoon two freight trains came together at White Plains, and when the fast passenger train came through Central City Wednesday morning eight or twenty men were hurt about the baggage car and sent to the scene of the wreck to clear it away.

The coaches were detached some distance above the wreck and the engine and baggage car went on, having received information that a red light had been placed on the debris. Owing to the heavy fog, however, it was impossible to see the light and the engine hit the wreck.

Shelby Carter, who was riding on the front of the engine, had both ankles so badly crushed that it will be necessary to amputate them, and a man named Innes had one leg broken. The other men in the baggage coach were painfully, though not seriously, hurt by falling trunks and baggage.

All of them were taken back to Central City with the exception of Innes, Carter and several others, who were rushed to Paducah for treatment.

"Can be depended upon" is an expression we like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by King & Son.

KINGTON LOCOMOTIVE SMASHED

Engineer Barely Escapes When Empty Cars Crash Into the Night.

The Kington Coal Company suffered an accident early Wednesday morning which crippled their coal operation for the time being, and while they are needing to operate daily to keep up with urgent current business. Their locomotive is undergoing repairs and they are using an L & N locomotive temporarily. Monday night a string of empty cars was placed in track and left for the next day's operation. These cars were on a slope, started running about a slope, started running about a slope, and crashed into the locomotive, badly demolishing it. Jim Hayes was in charge of the locomotive and was lying on the floor of the cab asleep, but fortunately was awakened by the running of the cars and jumped up in time to avoid being caught in an avalanche of coal from the tender. The locomotive slid nine car lengths after being struck.

The Lash of a Fend

Would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. It was "most troublesome at night," he writes, "and would not let me sleep. I used Dr. King's New Discovery, which cured me completely. I never coughed at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lacerate, asthma, hemorrhage, croup, whooping cough or hay fever. It relieves quickly and never fails to satisfy. 2 trial convalescence. \$2.00. Trial bottle free. It's positively guaranteed by all druggists.

UNCLE SAM SELLS INDIAN LANDS

In Oklahoma Some Unique Methods of Selling the Red Man's Heritage.

Uncle Sam, as a land auctioneer, is attracting considerable attention in Oklahoma by a unique method of selling the red man's heritage, in the form of good tillable land. That the farmer and investor appreciate the plan and have confidence in it is demonstrated by the fact that within the past twelve months approximately one million dollars have been paid for Indiana land to the United States Government through the United States Indian Superintendent at Muskogee, Oklahoma.

For several years the question of land titles in that part of Oklahoma, formerly Indian Territory, has not been looked upon favorably by those desiring in vestments. Land that will raise one bale of cotton to the acre, sixty bushels of corn season after season, better than one hundred bushels of oats, two crops of potatoes in one season, averaging one hundred bushels to the acre, and adaptable to raising a corresponding crop of any of the staples, has gone begging and remained idle on account of the title bugaboo. The same grade of land in Missouri, Illinois, Iowa, Kansas and the other agricultural states, was bringing from \$65.00 to \$150.00 per acre, while the Indian lands in Oklahoma were taken for the seeds for the lack of purchasers at ten and fifteen dollars.

The land advertised through the office of the United States Indian Superintendent is of every quality, found in any state, there being open prairie, timber, first class agricultural land, and large tracks of rough land suitable only for grazing purposes. The better grades during the past year have sold at prices ranging from \$10 to \$20 per acre, while grazing land has brought from \$1 to 5 per acre. In the Southern part of the State and along streams the lands is covered to some extent with merchantable timber, and in the Eastern part of the state the land is underlaid with vast beds of mineral—lead, zinc, iron, and coal. The central portion of the State from North to South has the famous oil pools—probably the largest in the world—and the land offered for sale is from every portion of that part of Oklahoma, formerly known as the Indian Territory, so rich in these resources.

Professor Charles N. Gould, State Geologist, has made a careful investigation of this part of the country and in his report, recently submitted to the State Officials, stated that, in his estimation, there are many undeveloped pools of oil—in fact, that this product may extend to many parts of the Eastern half of the State.

The United States Indian Superintendent is now sending out the lists showing lands advertised for sale during the month of October, which lists describe every track offered, give its location, and price at which sale will be made. It is expected that the October sales will bring the Indians a total of approximately \$225,000.

When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE cures you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Madisonville Notes

Mrs. Ott Powers was in this city Monday.

Miss Virginia Tate was in Earlington Monday.

Mr. Harrison Givens left Monday a. m. for Nashville.

Horace Beard has accepted a position in the Dulin Store.

Mr. Carr Ramsey has returned to Danville to enter Central University.

Mr. Harry Talliferro left Tuesday morning for Swann, where he will enter college.

Mr. James Sory, Jr. left Wednesday, for Nashville, where he will enter Vanderbilt.

Miss Louise and Margaret McPherson and Lucy Fawcett were in Earlington Monday afternoon.

Miss Brad Goodhill left Thursday morning for Nashville to visit Miss Belle Story and also to attend the State Fair.

Arch Goodwin, lately with Franklin Bros., Hopkinsville, has accepted a position with the Dulin store.

Mr. Goodwin comes well recommended.

The new addition to be built to the court house is to be two stories. The lower part will be used by the sheriff and the upper will be made into a toilet room.

Will Nisbet, while working at an anvil, had his left arm injured when a piece of steel flew from a chisel and struck him. He is compelled to carry his arm in a sling. The injury is very painful.

Miss Lillian Roberts, who recently returned from the Bowling Green Business University, has again accepted a position with the municipal electric light company, as bookkeeper and stenographer.

The W. C. T. U. medal contest which was to be held Thursday night, has been postponed as the time for preparation was considered too short by the contestants. The contest will be held later.

Mabel, the little daughter of Mr. and Mrs. John Long, who has been ill with a mild case of typhoid fever, is much better. It was reported that she had diphtheria, but the report is without foundation, as she has nothing of the nature and only a mild case of typhoid.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't overtax stomach, liver, kidneys, bowels, or nerves without serious danger to yourself. If you are weak or run down, or under strain of any kind, take Electric Bitters, the nation's tonic medicine. Mrs. J. E. Van de Walle, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at all druggists.

Draws Mission Clock.

Mr. and Mrs. Chas. Webb and son, Buford, attended the State Fair at Louisville last week, while there Mrs. Webb secured a chance on premiums given by the Louisville Herald. She thought nothing more of it, not expecting to secure anything, and was agreeably surprised on her return home Sunday to find that she had drawn a beautiful \$10 Mission Clock and that it had arrived home before her.

The moral is that some one will draw the \$300 Rooster Kitchen Cabinet to be given away by the Bee Nov. 1. It may be you, if you will either subscribe now or renew your subscription.

Farmer, mechanic, millwright, laborer rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pains can almost stay where it is used.

Stanley and Elliott Speak September 24.

Congressman A. O. Stanley and General Manager Wm. Elliott, of Henderson, will address the farmers of Hopkins county the interest of the proposed pool of the Stemming District Association at the courthouse in Madisonville Saturday afternoon, Sept. 24, at 1:30 o'clock. All of the farmers of the county are invited to attend and hear these able speakers speak for the pool.

RED MEN OF KENTUCKY

Endorse National Indian Monument in New York Harbor.

Washington, Sept. 21.—Added impetus has been given the movement to erect a suitable memorial to the North American Indian in the New York Harbor by the hearty co-operation of the various orders of Red Men throughout the country.

Red Men in Kentucky are in hearty sympathy with the movements and resolutions expressing their willingness to support it have been passed by many of the Tribes. Cherokee tribe No. 8, of Louisville, at its last regular meeting, unanimously pledged its support and a resolution passed donating from the "wampum belt" of the tribe the sum of 10 "fathoms" (\$10.). A committee of three has been appointed to open and conduct a popular subscription to consist of two inches from each individual Red Man and one inch from each "paleface" who may contribute.

The movement to erect this gigantic memorial to the Iroquois at the entrance of the Nation, originated with Mr. Rodman Wanamaker, of Philadelphia, who, for years, has been a close student of the Indian on his Native ground. The bill providing for the same was introduced by Hon. Joseph A. Goulden, of New York, at the past session of Congress, and has been favorably reported from the Committee on Library, to which it was referred. A similar bill was introduced at the same time in the Senate by Senator Depew. It is expected that the bill will become a law at the coming session, when work on the monument will begin at once.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by King & Son.

FORMER EARLINGTON BOY GETS NICE WRITE

In the Appalachian Exposition Edition of Knoxville Sentinel.

The following is clipped from the Appalachian Exposition edition of the Knoxville, Tennessee, Sentinel, and speaks very high of a former Earlington boy, John Robinson, Superintendent of the Reliance mines, near Knoxville, Tenn.

John B. Robinson, from West-ern Kentucky, as active Superintendent, although he still remains in charge and when engaged, spends his entire time there.

Mr. Robinson is a very young mine superintendent but one of the best in the Mingo region. He is a practical engineer and nothing about a mine is new to him. He is also popular with the miners and their families as is Mr. Swab, and has the respect of every man, woman and child in the Reliance camp.

HERBINE is the medicine that cures biliousness, malaria and constipation. The first dose makes you feel better, a few additional doses cures completely. Price 50c. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Marshal Bradley Gets Bootleggers.

City Marshal William Bradley is straight out after the bootleggers and acid dispensers around these dignities. He has lately caught two and turned them over to the U. S. Deputy Marshal. Mr. Bradley says he is determined to break up this business at any cost.

Locomotive Blasts

Mr. Polk, of the L. & N., is visiting relatives in Bakers, Tenn., this week.

Mr. John Brinkley, flagman at the Main street crossing, who has been ill, is again able to be at work.

Lola Mulvaney and Paul Pilkington, of this city, passed a successful examination in Howell this week and have secured positions as assistant conductors on the division house at this place.

Fred Hosse, who has been breaking on this division for some time, has been promoted to freight conductor. Fred is possibly one of the youngest conductors on the division, being about 24 years old. His friends hope this is the first step of many he will take in the line of promotion.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Constipation follows? Liver needs waking up. Dean's Regulator cure bilious attacks. 50 cents at any drug store.

LADIES' AID OUT OF DEBT

Have Paid One Thousand Dollars in Three Years and Do Not Owe a Cent.

The Ladies' Aid Society of the Methodist church are out of debt at last and the new parsonage is paid for. It has been a long hard pull, but persistent effort has accomplished the work. The society certainly deserve credit for the good work done, and what they have accomplished shows what can be done when a number of good earnest women get their heads together.

The Waste Basket.

If some day the newspaper man should print the contents of waste basket there would probably be a riot, remarks an exchange. There would certainly be trouble in many homes, arrests in some direction, shotguns in others, trouble all around. But the patron never sees the waste basket. He only glances at the beautifully printed pages, complains if one letter in fifty is upside down, grows his disappointment if one name in five hundred happens to go wrong, kicks because his communication, signed "Tax Payer," has been condensed into English, frowns because the editor didn't take his advice about publicly warning his neighborhood against throwing more melons in the alley, and is generally disgruntled not so much at what he fails to find. He knows his share of the waste basket, but if he could have one look at the contributions made to that receptacle by his neighbors and friends, he would thank God for the existence of a man with sufficient intelligence and courage not to print all he knows, and to temper even that which he does print.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgic rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c. 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Counterfeit Ten Dollar Bill.

There is a new counterfeit ten dollar national bank note at large, but it is not likely to deceive an ordinarily careful handler of money. The Treasury Department issued a note warning yesterday. It is a poorly-executed photo etched production, with a few pieces of silk thread in it. It is drawn on the home National Bank of Staunton, Tex. series of 1902-1905, check letter D.

Ask the Bee man about that blue and white Tullu ware. It is a good proposition.

FEDERAL MONEY FOR STATE TROOPS

Kentucky Will Get the Snug Little Sum of \$80,000.

Kentucky will receive nearly \$80,000 this year for the benefit of her militia. The money comes in allotments from \$4,000,000 appropriated by Congress for militia purposes, which is based in part upon Congressional representation and in part upon the enlisted militia strength of the State. Kentucky's allotment is divided as follows: In basis of a representation of thirteen in Congress, the State gets \$29,144.81 for arms, equipments and camp purposes, and \$12,714.77 for the promotion of rifle practice, a total of \$40,859.58. In the basis of an enlisted militia strength of 1,666 the State gets \$11,163.35 for ammunition an allowance equal to 50 per cent of the regular army allowance to soldiers for this purpose, and \$17,159.75 for military supplies, which include an allowance of \$8.34 per man for clothing. The total under the second appropriation is \$28,322.88. The grand total of allotments for the blue grass State is \$79,181.90 and more may be coming to Kentucky out of a reserve fund of \$40,000 for emergencies. The balance of which will be distributed at the close the enlisted militia strength.

The Newspaper as Salesman.

The majority of retail store customers, starting out on fall shopping forays, study the newspaper advertising. This habit is a great time saver.

The shopper escapes fruitless visits to many stores, and needless bothering of clerks, by learning in advance where she is likely to find what she wants. She gives very little attention to the places that fail to inform her as to their offering.

Many women, too, having become personally acquainted with the store people, dislike to enter their places of business unless they feel fairly sure of buying. They avoid this embarrassment by learning in advance through the newspaper where they can probably supply their needs.

Thus it is that many sales are practically made before the buyer leaves her home. It has been proved over and over again, that the trade will pass stores with a main street location that fail to advertise, to hunt up poorly located shops on back streets that are well advertised. A merchant might as well close his shutters in business hours as fail to meet his competitors in the field where they are doing the heart of their business—the newspaper advertisement.

Wanted One Thousand Men

For the parade representing the Men's Bible Classes of Kentucky to be held at Winchester, Ky., October 7, 1910, at 6:30 p. m., forming part of the State Convention of the Kentucky Sunday School Association.

You are invited. Bring some one with you. Bring your entire class.

Notify B. R. Jonett, of Winchester, Ky., that you will come and how many from your class. Special recognition will be given the class having the largest number in the parade, and the class whose members have come the largest number of miles.

There will be splendid music, led by E. O. Exsell and A. W. Roper. Addresses will be delivered by Mr. W. C. Pearce, of Chicago, and Dr. W. H. Geistweil, of Peoria, Ill.

Something Coming In

If you ADVERTISE in
THIS PAPER. It will
LOOK GOOD to you.
Try it out NOW.

Clarke-Uley.

The marriage of W. B. Clarke, of Nortonville, and Miss Mayme Uley, of Daniel Boone, took place in County Clerk Will T. office Wednesday afternoon at 3 o'clock. The ceremony was performed by Rev. D. M. Harrison, of the Presbyterian church. Mr. Clarke is a prominent and prosperous farmer and Miss Uley was one of the most popular young ladies in her community. Mr. and Mrs. Clarke returned immediately to Nortonville to make their home.

Yellow complexion, pimples and disgusting blemishes on the face or body can be gotten rid of by discoloring the liver, which is turpentine. HERBINE is a powerful liver corrector. It purifies the system, stimulates the vital organs and puts the body in the fine vigorous condition. Price 60c. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Pleases the People.

The Genter Edwards Stock company that has been giving nightly performances in Madisonville for several nights is making good. Large crowds fill the tent each night and interest in the show continues unabated. Mr. Lawrence Sullivan the comedienne is one of the best on the road and is a favorite with the audience. This company give a good clean show that is well worth the small price asked.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lumbago, pains in the side and chest, and much cheaper. Sold by King & Son.

A Bully Old World.

Oh, life is a wonder and death is a blunder! It's good to be living and strong! It's fine to be chaffing and joking and laughing, and chortling a tra-la-la song! It's great to be working like blitzen and jerking your living from out of the soil! It's gay to be earning real money and spurning the thought of life without toll. Most all the replying and grunting and whining is done by the loafers, you'll note; the toilers and silers, old Industry's pillars, no time to complaining; devote; they skirmish and rattle, they hump and they hustle, and put up their hay in the sun; they mow and they garner and don't give a darn or a whoop for the indolent one. Such fellows are useful; they're worth a caboose full of men who have nothing to do but grout all together concerning the weather, the crops, and the government, too. I tell you, dear chappy, if you would be happy, you'll have to get busy and work; there isn't much pleasure for people of leisure, there isn't much use for a shirk. The man who is lazy drives busy men crazy, and over the transom he's lurled; but things keep a coming to folks who are humming, and his is a bully old world.—Walt Mason, in Los Angeles Times.

For Sale.

One four room house on Railroad Street, Earlinton, plenty of water and good level lot, will sell cheap.
MRS. R. L. ASHBY.
Phone, 825, Madisonville, Ky.

St. Charles People Attended Hunsaker Trial.

The following parties from Hamby Station were in Madisonville Wednesday to attend the examining trial of Geo. Hunsaker, who shot and killed Lee Whitfield at St. Charles a few days ago: Ott Robinson, Henry Johnson, Clay Woodruff, Henry Chambliss, Abe Adams, John Gamblin, Jas. Craner, Glover Hoard, Clarence Gilliland, Joe Gilliland, D. O. Woodruff, Geo. Hunsaker, Wade McIntosh and Perry Williams.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

What a Famous Editor Says.

The editor of the Taylor-Trotwood Magazine wrote to one of his friends these words: "You asked me to notify you if I saw an opportunity for a safe investment, I have it for you. I never knew until now what a good opportunity for a money making investment this magazine afforded. You asked me to let you in on the ground floor and I am doing so."

This same opportunity is given all who desire to be a stockholders and a Life Subscriber to the Taylor-Trotwood Magazine. One share of stock (par value \$10.00) and a perpetual subscription to the magazine both for \$10.00.

Let us have your order now. This opportunity is limited. Write to: TAYLOR-TROTWOOD PUBLISHING CO., NASHVILLE, TENN.

Fined for Cruelty to Animals.

Eq. Priest is warning the boys up who break the law and find their way into the court. One of the most interesting and righteous decisions recently given is that imposing a fine of \$15 and cost on Will Black convicted of cruelty to animals. The offence was cruel treatment of a mule in the mines. The Squire is there for the purpose of enforcing the law and the boys had best not get gay with the statutes.

Don't think that pills can't be cured. Thousands of obstinate cases have been cured by Doan's Cathartics. So treat at any drug store.

Dawson Man Dies Suddenly.

George Gray, aged 70, and proprietor of the St. Charles hotel at Dawson Springs, was found dead in bed Wednesday morning, death being caused, it is thought by heart trouble. Tuesday night before retiring he mentioned to his family that he was not feeling well, but nothing of a serious nature was thought of. In the morning when he did not get up at his usual hour his wife went to his room and found him dead.

BEE ADS PAY. GET THE HABIT

We Preach the Doctrine of PROTECTION

IN LIFE INSURANCE--not investment --not savings, not profits, all good in their way, but subordinate, minor, relatively unimportant in comparison with the one big, important, essential feature of life insurance for the benefit of women and little children who need it and need its benefits most when their breadwinner no longer stands guardian over them. Let us call the policy of protection, the substitute breadwinner, the volunteer who steps into the breach when the regular has passed on his way. Call it what you will but above all don't neglect to get it, NOW! TODAY! while you may, it may already be too late for you to get the benefits. Strange, but the average man thinks it the easiest thing in the world to get life insurance and then is staggered oftentimes to find that he has waited just one day too long. Suppose you try. See the Equitable Life Assurance Society man today.

First: Let him find out if you are eligible.

Second: Then let him tell you how little it will cost to put around your family his armor against the rapid firing guns of hunger and cold and want, and the other shells which destroy unprotected families. It will be very much worth your while, but thinking about it won't do you or your family any good. Action is the word which brings relief.
